Secondly- the question of Elementary Educatio you are aware, Sir, that the Elementary Education Fund of our Taluk Board is insufficient even to meet our annual recurring expenditure, and consequently, much delay is often caused in disbursing salaries to our poorly paid teachers. The people of our taluk have been realizing the importance of Elementary Educatio as is evidenced by the fact that the strength in the schools has been steadily increasing. This, has, however, necessitated the entertainment of additional hands which the Taluk Board can ill-afford to do for want of funds. Further, we may also add that most of our schools are housed in buildings not worth the name and are also poorly equipped; but in spite of all the efforts of our Board to remedy these serious defects, we find that we are handicapped on account of paucity of funds. We therefore strongly urge you in the interests of Elementary Education, to kindly consider favourably our above grievances and come to our rescue by giving us more grants without imposing any conditions of restrictions thereto.

Thirdly, we feel it our duty to bring to your notice a very important matter which, though it does not come within our purview, yet as representatives of this Taluk and on behalf of the two neighbouring taluk of Coondapoor and Karkal, we are forced to touch upon. You may know, sir, that several students of our Revenue division go to Mangalore yearly for their College Course and very many who are not in a position

to go to that place on account of financial difficulties and ~~xxxxx~~ paucity of seats in the two colleges there remain behind. Hence many a bright youth who would otherwise have gone in for higher education has to remain practically idle at home. May we therefore request you, Sir, to give us a second grade college at an early date ?

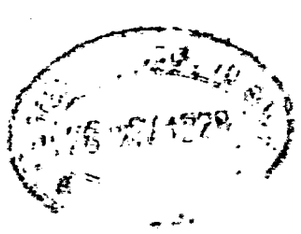
Para 1 above.

According to the budget estimate of the E.F. fund for 1928-29 of the Taluk Board, Udipi, the receipts in the E.F. amount to Rs. 59,170/- as shown below:-

Education tax	7,200	
School fees	3,500	
Govt. contribution under Section 37 of the E. Act.	7,260	}
" " proviso to Section 37.	36,960	}
Contribution from the Taluk board's general revenues	4,270	
	59,170	



It will be seen from the above that the Govt contributions represent nearly 75 per cent of the total receipts, while the board's contribution from its general revenues to Elem Edn is only about 7 per cent. The board's request for more grants without any conditions or restrictions ~~does~~ is not acceptable.
